DETAILED ACTION

Claim Rejections

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-11 are rejected under 35 U.S.C. § 102(b) as being anticipated by FRANKLIN ET AL, as set forth in paragraph 2 of the previous Office Action.

Response to Arguments

3. Applicant's arguments filed 5/24/2004 have been fully considered but they are not persuasive.
4. Applicant states on page 7 of his Response that "As discussed below, the Franklin et al patent fails to teach or suggest an apparatus for sealing a load place [sic] on a pallet in which a clamping subsystem secures the load independently of the pallet and a film subsystem envelops at least a bottom of the load with the film when the load is secured independently of the pallet by the clamping subsystem.

Applicant further, on the succeeding pages, enumerates each individual facet of the structure and each step of the function of the claimed invention. However, as stated in the previous Office Action, Examiner notes that the functional language in claim 1 lines 15-28 and

Art Unit: 3721

claim 8 lines 7-17 has not been given patentable weight because it is narrative in form. In order to be given patentable weight, a functional recitation must be expressed as a "means" for performing the specified function, as set forth in 35 USC 5 1 12, 6th paragraph, and must be supported by recitation in the claim of sufficient structure to warrant the presence of the functional language. In re Fuller, 1929 C.D. 172,. 388 O.G. 2t9

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
